'RIVER VIEWS'

TEXT BY LISA SCHOFIELD

The beautiful paintings by Plein Air Painters of the Jersey Coast were featured at Riverview Medical Center Auxiliary's cocktail gala and exhibition of "River Views," which attracted 145 attendees who collectively purchased more than \$25,000 worth of artwork. The event, held at the Blaisdell lobby of Riverview Medical Center in Red Bank, donated a significant portion of these funds to support Riverview's Jane H. and John Marshall Booker Cancer Center, which provides patients with full-service cancer care from diagnosis to treatment and home care.
